

N.Y.S.W.O.A. EVALUATION FORM FOR N.Y STATE WRESTLING TOURNAMENT OFFICIALS

OFFICIAL _____ YEAR _____ EVALUATOR _____

DIRECTIONS:

1. Rating Scale: 4=Excellent 3=Very Good 2=Average 1= Poor
2. Five major categories for evaluating officials along with some suggested guidelines are listed on the form. Make written comments on this form or on the individual bout sheet and check the rating columns. Based on your observations and your ratings in each category, assign a numerical rating for the official at the conclusion of the first day. This is not necessarily an average of the 5 categories and can be a decimal.
3. Repeat the process on the second day.
4. After completing your evaluation on the second day:
 - a. Assign an overall numerical rating for the official for the entire tournament (again, this is not an average of the 2 days of rating because the second day should carry more weight).
 - b. Check a final recommendation.
